**Kotkamills' ISLA® Duo and ISLA® Base boards receive Nordic Swan Ecolabel approval**

Kotkamills' fully recyclable ISLA® Duo and ISLA® Base food service boards have received the Nordic Swan Ecolabel approval, i.e. they have passed the environmental requirements set by the Nordic Swan Ecolabel.

Nordic Swan is the official ecolabel of the Nordic countries to indicate that the product meets responsible environmental requirements. With the approval, ISLA® board can be used as a material for Nordic Swan Ecolabelled single-use products, particularly cups and plates.

“Responsibility is an important issue for Kotkamills, and we want to promote responsible production and consumption through our everyday actions. We are pleased that our ISLA® Duo and ISLA® Base boards meet the tough environmental requirements set by the Nordic Swan Ecolabel. We can contribute to creating a future that is ecologically more sustainable,” notes Kotkamills' CEO **Markku Hämäläinen**.

Nordic Swan Ecolabel maintains a list of verified and approved products: <http://www.nordic-ecolabel.org/certification/paper-pulp-printing/board-for-liquid-food/>

**About Kotkamills**

Kotkamills, located in Finland, is an experienced and responsible global partner, manufacturing innovative products created from wood, a renewable natural resource. Our range of sustainable products includes food safe consumer boards, the high-quality saturating base kraft paper Absorbex®, and ecological wood products. The fully recyclable AEGLE® and ISLA® boards, produced since 2016, were complemented in 2018 with water-based dispersion barriers replacing plastics used in packaging and food service applications. All our products are environmentally friendly, recyclable and safe to use.
